BREAK BEAT ACADEMY

WHERE THE HISTORY IS ALIVE

2007 COURSE OUTLINE

A 52 week long program, researching the diverse and vibrant history of the broken beat culture.

Our class has hand selected an elite group of Professors, hailing from all genres of music which embrace the "All Mighty Break Beat"

Our History Department, is represented this term by Toronto's own DJ Tasc (History of Hip Hop), Rumbleton (Break Beat 101), and DJ Lonie Don (History of Roots Reggae). With over 30+ years of performances under their belts, and a knowledge of the true history and progression of the break beat, they promise a year full insight and entertainment.

Joining them this year are three Representatives of our Science Department, Professors Capital J (Advanced Turntablism), Nivek (Beat Juggling Specialist), and Reggie Niceness (Dub Reggae Activist) - complete our talented staff as well as adding a depth and diversity to our ranks, that is second to none.

We have also arranged numerous Special Guest Instructors to join our program through out the year. While we will research the many other areas of this culture, Beat Boxing, Turntable Duos, Freestyle Workshop, Live Performances, Breaks, Trip Hop, A Break Dancing Display and much, much more.

Join us as we embark on a voyage through sound. Educating the future, by embracing the past.
